

Genelec & Memphis Reigns - Sunwheel

Sunwheel Lyrics

[Hook: Genelec x2]

Sunwheel, listener's visions become real
We slipping into rhythm and living among the ill
Sunwheel, listen as visions become real
We slipping into rhythm and giving the drum spill

[Verse 1: Memphis Reigns & (Genelec)]

Ha ha! My muscular lyrics possess the genetical blueprints
I'm in the incredible fetal type pugilance, prototype
(My flow ignite the [strength and might of Lennox Lewis](#), I do this
Emitting and emanating energetic sentence
To sweep the planet off the universal canvas)
We seize the planet, [at the bottom of the Atlantic](#)
[Staticly raise Atlantis](#) and reposition the atlas

[Verse 2: Genelec]

Breathe slow, these be the schematics for star charts fallen
Heavy metal heartbeats shaken the stone columns
Following the energy, swallowing any entity unready for twenty
second century
Miles above the middle ground with riddles that pound
Slipping thick in the compositions trickling down sound
This captain interacting with magic and mapping actions massively
dramatic
None ready and not a single melody able to stable my firey memory
[Cradled upon the page, spirits of ancestors have blessed us in later
days](#)
This maze that I choose to take power I accumulate
Breathe slow gather my thoughts and I'll illuminate light, I'll
illuminate darkness, the dark, the midnight, I'll illuminate Genelec

[Hook x2]

[Verse 3: Memphis Reigns & (Genelec)]

Visually picture me, photograph mystery
Undeveloped type of underwater enemy
Telepathic when I raise the flag might save your clan
Civil war with the people, scared with my evil style sharp like a
needle
[And let it be like The Beatles](#)
I'm striking and [leaving them kneeling like three point cathedrals](#)
Heavy rays been through what you never ever seen
Slide between the crack in the ground without the vaseline
Moving and proving steadily improving I'm bruising all the crews
(Who's next to spark the fuse?)

Pardon me for the confused
I'm an enormous prehistoric tyrannosaurus
Rhyme so large even Columbus won't explore it

[Hook x2]

How to Format Lyrics:

- Type out all lyrics, even if it's a chorus that's repeated throughout the song
- The Section Header button breaks up song sections. Highlight the text then click the link
- Use Bold and Italics only to distinguish between different singers in the same verse.
 - E.g. "Verse 1: Kanye West, Jay-Z, Both"
- Capitalize each line
- To move an annotation to different lyrics in the song, use the [...] menu to switch to referent editing mode
